

## PARKING IN LLORET THE MAR ( Apartaments Petxina, summer 2024)

Parking in Lloret de Mar is a difficult and/or an expensive task! City center is a pedestrian area; and in the sea-front street parking is forbidden (only load and unload) except a blue area (time limited) at the end close to the Lloret Castle.

Parking modalities: there are different parking options:

On the street parking where parking slots are market in **white** (free!!, very few space parking, usually in battery or along the streets). No time limitation. Check the circle area market in the map: it is difficult to find (locals usually hoard them) a free space, but if you are lucky take it!! (Distance to the apartment aprox 1km /15 min walking)

**Yellow** areas are forbidden (Load/unload: NO parking allowed. Police takes the car away!). The Police crane is very active!

**Blue/green areas:** There are payment areas with limited parking time: **Blue** (limited time to aprox. 2h. Example: parking at the end of the sea front) and **Green** (in principle resident area, but many of them are also for non residents, limited time 2h30-4h and some of them are free during the night 20h-8h: Example Green: Av. Senyora Rossell. No ticket is punished with a fine of 10€ (convenient solution for one day).

**Free Parking area "Les Alegries"** (Same access as the Waterworld Park, but turn on the left before entering the Park parking area). Bus L013 (picks up in front of *Policia Local* stop #11 and ends in Bus Station stop #16 in the map). Distance to the Apartment: 2,2 km

**Private parkings in the center:** there are many with the same tariff **30€/day** (the closest to the apartment is Parking Pere Torrent -500m- and Bus Station 600m-) and only one **(OK.Parking, Distance to the apartment: 600m)** that offers a 7 days reduction (**7 days: 150€**).

In the map you can see location of these parking options
