

PARKING IN LLORET THE MAR (Apartaments Petxina, summer 2026)

Parking in Lloret de Mar is a difficult and/or expensive!

City center is a pedestrian area; and in the sea-front street parking is forbidden (only load and unload) except a blue area (time limited) at the end close in Sa Caleta (in the sea front close to the Castle).

Parking modalities: there are different parking options:

On the street parking where parking slots are marked in **white** (free!!), very few space parking, usually in battery or along the streets). No time limitation. Check the circle area marked in the map: it is difficult to find (locals usually hoard them) a free space, but if you are lucky take it!! (Distance to the apartment aprox 1km /15 min walking)

Yellow areas are forbidden (Load/unload: NO parking allowed. Police takes the car away!). The Police crane is very active!

Blue/green areas: There are payment areas with limited parking time:

Blue : payment area during the day (usually 8h-24h). Some only for limited time (màx 2h/4h). Example: parking at the end of the sea front, close to the castle.

Green: in principle resident area, but many of them (labelled as non-exclusive) are offered as payment areas for non-residents. Check the indications because usually have limited time during the day and free during the night 20h-8h: Example Green: Av. Senyora Rossell. No ticket is punished with a fine of 10€ (convenient solution for one day).

Free Parking area “Les Alegries”: Free and guarded for stays longer than 12h connected by bus to the city center. Access: Same access as the Waterworld Park, but turn on the left before entering the Park parking area. Bus L013 (picks up in front of *Polícia Local* stop #11 and ends in Bus Station stop #16 in the map). Distance to the Apartment: 2,2 km

Private parkings (usually underground) in the center: there are many with the same tariff around **30€/day** (the closest to the apartment is Parking Pere Torrent -500m- and Bus Station 600m-) and only one (**OK.Parking, Distance to the apartment: 600m**) that offers a 7 days reduction (**7 days: 150€**).

In the map you can see location of these parking options
